With regard to the present matter, I know the following: in January 1945, when I was walking to Budzyń, Topola commune with my late sister, Wanda Latos, about 200m away from the village of Cudzynowice, near the cemetery, I heard a shot fired from a rifle in our direction. Not knowing what to do, we kept walking. Then, after another shot was fired, my sister

Wanda Latos fell to the ground, already dead. The bullet hit her right in the heart. I would like to mention that my sister was killed by the last of the escaping Ukrainians.

I conclude my report at that and sign after it has been read out.
